If RESIDENT is evicted, but does not move out voluntarily, MANAGEMENT may bring an eviction action. If RESIDENT violates a term of this Lease but MANAGEMENT does not sue or evict the RESIDENT, MANAGEMENT may still sue or evict the RESIDENT for any other violation of any term of this Lease. 20. EVICTION AFTER PARTIAL PAYMENT OF RENT: It is expressly agreed to between MANAGEMENT and RESIDENT that, pursuant to Minnesota Statutes, Section 504.02(C), acceptance by MANAGEMENT of less than the full amount of the rent due from RESIDENT does not waive MANAGEMENT'S right to recover possession of the rental premises for nonpayment, by RESIDENT, of balance of rent owed MANAGEMENT.

23. MANAGEMENT'S LEGAL RIGHTS AND REMEDIES: MANAGEMENT may use its legal rights and remedies in any combination. By using one or more of these rights or remedies, MANAGEMENT does not give up any other rights or remedies it may have. Acceptance of rent does not waive MANAGEMENT'S right to evict RESIDENT for any past or existing violation of any term of this Lease.

24. LEASE IS SUBJECT TO MORTGAGE: The Apartment building may be mortgaged or may be subject to a contract for deed. RESIDENT agrees that the right of the holder of any present or future mortgage or contract for deed are superior to the RESIDENT rights. For example, if a mortgage on the Apartment building is foreclosed, the person who forecloses on the Apartment building may, at their option, terminate the RESIDENT'S Lease.

F. LIABILITY OF RESIDENT AND MANAGEMENT:

25. DAMAGE OR INJURY TO RESIDENT OR HIS/HER PROPERTY: Management is not responsible for any damage injury to the RESIDENT or his/her property, guests or their property, that was not caused by MANAGEMENT. Management recommends that RESIDENT obtains Renter's Insurance to protect against injuries or property damage.

26. ACTS OF THIRD PARTIES: Management is not responsible for the actions, or for any damages, injury or harm caused by third parties (such as other RESIDENT'S guests, intruders or trespassers) who are not under MANAGEMENT'S control.

27. RESIDENT SHALL REIMBURSE MANAGEMENT FOR: 1) Any loss, property damage or cost of repair or service (including plumbing problems) caused by negligence or improper use by RESIDENT, his/her agents, family or guests; 2) any loss or damage caused by doors or windows being left open; 3) all cost incurred by MANAGEMENT due to the abandonment of the Apartment or other violations of the Lease by the RESIDENT such as the cost for advertising the Apartment; 4) all court costs and attorney's fees incurred by MANAGEMENT as a result of an eviction, unpaid rent or any other debt or charge.

28. WHEN PAYMENTS ARE DUE: Any amount owed by RESIDENT is due when MANAGEMENT asks for it. MANAGEMENT does not give up its right to any money owed by RESIDENT because of MANAGEMENT'S failure or delay in asking for any payment. Management can ask for any money owed by RESIDENT before or after RESIDENT moves out of the Apartment.

G. MISCELLANEOUS:

29. FALSE OR MISLEADING RENTAL APPLICATION: If MANAGEMENT determines that any oral or written statements made by RESIDENT in the rental application or otherwise are not true or complete in any way, then RESIDENT has violated the Lease and may be evicted.

30. BUILDING RULES AND ATTACHMENTS ARE PART OF LEASE; NO ORAL AGREEMENTS: Any attachments to this Lease are a part of this Lease. If a term of any attachment conflicts with any term of this Lease, the attachment term will be controlling. MANAGEMENT'S house rules are a part of this Lease, and Management may make reasonable changes to these rules at any time by giving RESIDENT written notice. No oral agreements have been made. This Lease and its attachments and any other written agreements are the entire agreement between RESIDENT and MANAGEMENT.

31. NOTICES: All RESIDENTS agree that notices and demands delivered by MANAGEMENT to the Apartment are proper notice to all RESIDENTS and are effective as soon as delivered to the Apartment.

6. **VIOLATION OF THE ABOVE PROVISIONS SHALL BE A MATERIAL VIOLATION OF THE LEASE AND GOOD CAUSE FOR TERMINATION OF TENANCY.** *A single violation of any of the provisions of this added addendum shall be deemed a serious violation and material non-compliance with the lease.*

It is understood and agreed that a single violation shall be good cause for termination of the lease. Unless otherwise provided by law, proof of violation shall not require criminal conviction, but shall be by the preponderance of the evidence.

Allowing persons other than those listed in your lease to live with you is prohibited, and in violation of your lease. You must promptly notify Management of any changes in your family size. Anyone staying in your apartment for more than a two-week period, without prior written approval of the management, must contact the Site Manager to apply for residency. A credit and reference check will need to be done before we can allow them to continue to reside on the property.

Please conduct your activities in and around the building in a manner so as not to interfere with the rights, comforts or convenience of your neighbors. No musical instruments, radios, televisions, or phonographs shall

be operated in a manner that is disturbing or annoying to other people, nor will loud disturbing noises be tolerated. This right of entry is reserved whether or not you or any member of your family is at home. The Management Agent may also conduct monthly or annual apartment inspections.

PETS

The owner allows ONE pets per unit, which includes caged animals-that must be caged at all times. (i.e. Bird). There is a required security deposit of \$250 and a signed pet lease agreement. Pet rent is \$30.00 per month per pet. The pet must be spayed or neutered and verification provided that it is up to date on vaccinations and licensed with the city of Hinckley, updated annually.

Please inform any guests that they are not allowed to bring pets onto the premises for any length of time. If you are aware of any other residents harboring pets, please notify management. It will be kept confidential.

PARKING LOTS, GARAGES CARS AND WALKWAYS

Parking spaces are assigned. Garages are available for rent at \$50.00 per month.

We cannot allow cars to be overhauled, motors changed, or any major repairs made while standing on a parking lot. Oil is not to be changed, drained or disposed of at any place on the property. There is no driving on the grass. No parking is allowed at any time in handicap parking spaces unless you are assigned one or have a valid D.P. sticker.

No unregistered vehicles may be kept on the property premises at any time. Such vehicles will be towed at its owner's expense. Inoperative vehicles will not be allowed on the premises and all vehicles should be locked at night. Parking space is limited, if you have a garage, we encourage you to keep your vehicle inside, especially during the winter months to aid in snow removal.

Walks and driveways must not be obstructed or used for storage. This includes BIKES and TOYS. All residents should instruct their children to store bikes and toys inside garages or apartments or at the bike rack if one is provided. If these items are left out overnight, management may confiscate them and require a \$2.00 fee to reclaim them. If these items are left unattended, it is an open invitation to theft and vandalism and can create a dangerous situation if someone trips over one and gets hurt.

LAUNDRY ROOM

Complete coin-operated laundry facilities are available to you. The Management reserves the right to prohibit the use of the laundry rooms to anyone failing to comply with normal precautions and regulations. No minors are allowed in the laundry rooms unless they are accompanied by a parent or guardian. We cannot permit laundry of relatives, friends or outsiders to be done in our facilities. If abuse occurs it will result in higher laundry prices.

WASHERS - Follow recommended loading instructions. Do not overload washers. Use low sud detergents in correct amounts. It is the responsibility of each tenant to clean up after themselves. Clean dispenser and lint filter after use. Wipe off soap, bleach, stains on machine exterior. Do not use for tinting or dyeing. Leave lid or door open after washing is finished so the interior may dry.

DRYERS - Do not overload. Each tenant must clean lint screen and trap after each load for faster drying. Place delicate items in laundry net for drying. Remove all objects from clothes prior to drying. Remove wash and wear items from dryer as soon as cycle ends to prevent re-wrinkling.

Do not leave your clothing in the machines after they are done. Remove immediately so others can use the machines. Failure to obey these rules could result in your not being allowed to use the laundry facilities.

Please be sure the doors are closed while you are not in the laundry room, and turn off the lights when you leave.

LAUNDRY ROOM HOURS

Laundry room hours are 8:00 A.M. to 9:00 P.M. Any clothes left unattended in the laundry room, for more than one hour, may be removed and placed in storage. It will be necessary to pay a \$2.00 fine to recover your clothes. Please time your washes so you can remove them and avoid the inconvenience of a charge. This rule is implemented to keep our laundry facilities neat, to allow others access to the room, and to keep thefts to a minimum.

Each resident should be considerate of others and try to use the laundry no more than two hours at a time. If you need a machine and there are finished loads in them, you may remove the items and lay them on the table. Please do not remove items that are still running a cycle.

If you notice anyone who is abusing the laundry rooms, we strongly encourage you to report them to the management. Vandalism and misuse may lead to the removal of the machines.

TRASH

All garbage shall be deposited in the containers provided for your building, not just sat inside the fence. All garbage must be put into plastic bags and tied before depositing in the building trash container. If RECYCLING BINS are provided for your use, please recycle all cans, glass, plastic and paper according to instructions posted. Bags that are not thrown into the dumpster will be checked to obtain the address of the

resident and a violation notice will be issued.

Do not allow garbage to accumulate inside your apartment. This will lead to insect and rodent problems.

DO NOT DISPOSE OF tires, household furniture or appliances in the dumpster area. These are your personal responsibility to dispose of elsewhere. Do not discard broken windows, screens or other items that belong to the property. Take such items to the Site Manager for replacement or repair.

REPAIRS AND MAINTENANCE

Please notify the Site Manager in writing of any and all necessary repairs and maintenance. Please be sure to date your request. No repairs can be done without a written work order. Normally, there will be no charge for repairs unless negligence by the tenant has taken place. Please do not attempt to make any repairs yourself. If you need work orders, contact your Site Manager.

Service calls to outside plumbers and other tradesmen will be placed by the Management only. Any service calls made by the tenant without authorization from Management will be the sole responsibility of that tenant.

Report all emergencies immediately to the Site Manager. Please be careful on what is flushed down the toilet. Do not put disposable diapers, sanitary pads or tampons in the toilet. Report all leaky faucets as soon as possible. Failure to report plumbing problems that result in damage to any apartment will be considered negligence on your part and repairs will be billed to you.

Damaged or broken doors, windows or screens need to be reported to the Site Manager immediately. **DO NOT** throw away any damaged screen or window frames. They are needed to order replacement parts. Contact the Site Managers and give the items to them, and request maintenance to repair the item. It is your responsibility to keep your apartment unit in good condition by letting us know when work is needed.

CARE OF UNIT

FLOORS - Carpets should be vacuumed **THOROUGHLY** at least once a week. Most carpet stains from food and beverage can be cleaned up with a damp sponge and mild detergent. Be sure to do it right away because stains will set in if permitted to remain for even a few hours. Please contact the Site Managers **IMMEDIATELY** for stains which will not come out, and we will help you.

It is the Tenant's responsibility to pay the cost to shampoo their carpet at least once a year by a professional carpet cleaner. Management will inspect the carpet annually to determine if it is necessary and will make arrangements to have it done. Possible arrangements may be made by a number of residents to shampoo at the same time and get a group discount. You are expected to keep the carpet in good condition.

To clean vinyl kitchen floors, use a mild detergent and warm water and rinse well with clean water. If you wish to wax the floor, be sure the product is for vinyl floors.

INTERIOR WALLS - When washing, add two fluid ounces of a light duty liquid detergent to each gallon of water. Apply with cellulose sponges and very little water. Start at the bottom of the wall and work up, washing a small area so that it may be rinsed before drying. In stubborn cases a light sprinkle of household ammonia or soft scrub is suggested.

Because of the damage that could occur to ceilings and walls by residents hanging lamps, pictures, or mirrors,

we prefer that such work be done by the management staff, and labor and material charge will be assessed.

Inside walls of the units are drywall: thus, the hanging of pictures of a weight not exceeding twenty-five (25) pounds can be done by using a picture hook. Anything heavier than twenty-five pounds can be installed by using molly-bolt or toggle-bolt. This however will require the drilling of a hole through the drywall and inserting the molly-bolt or toggle-bolt. It should be pointed out that any drilling of holes either in the ceiling or sidewalls will require patching and painting at time of move-out.

No wallpapering will be allowed whatsoever. Prior consent must be received for painting within the unit. Routine maintenance cycle painting shall be performed every four years or as needed.

REFRIGERATORS - Wash the food compartment in warm water to which two tablespoons of baking soda have been added for each quart of water. No frost refrigerators are provided in your unit. If food is too warm or too cold, check the control valve to see if it may have been moved by mistake. If too much frost is forming, it may be caused by higher-than-normal humidity, uncovered dishes in the food compartment, frequent openings or infrequent defrosting. You are to clean the coils behind or under the refrigerator every three or four months to remove the lint and dust. This will keep your refrigerator running more efficiently, and save you money.

RANGES - If the oven does not heat properly, make sure that burners or heaters are properly installed. They are removable for easier cleaning, and must be correctly replaced after being cleaned. On a monthly basis, clean the kitchen exhaust hood and fan, the light bulb, and filter to remove grease and other foreign materials. Clean your oven with oven cleaner as needed and do not let a build-up accumulate. Report any needed adjustments or repairs immediately.

COUNTERTOP CARE - Do not place burning objects, cigarettes, and range and oven containers directly on the Formica surfaces. Also, do not chop foods or pound meat directly on the countertops. The purchase of a cutting board is advised. Most other ordinary marks or stains can be removed by lightly rubbing with a cleanser powder, wiping dry and applying a coat of wax.

ELECTRICAL LIGHT BULBS - Light fixtures provided as standard equipment in the units are supplied with light bulbs at the time of initial occupancy. Residents are responsible for replacement thereafter. However, contact the Site Managers for help for hard-to-reach fixtures, (e.g., kitchen fluorescent fixtures). At the time of move-out, you must make sure all light bulbs are furnished and working.

SINKS AND TOILETS - Care should be taken to prevent chipping or staining enamel of porcelain fixtures. "Tackle" or Lime-away is what works best without scratching. Especially the shower stall requires this to keep it clean. Do not dispose of garbage, grease, or coffee grounds in sink drains. If you find you have drippy faucets, or the toilet is stopped, please contact the Site Managers, and needed repairs will be made.

TELEPHONE - If you desire a telephone, you are to make your own arrangements with the telephone company. The Site Managers phone is not to be used by residents. Their number is not to be given out as a means of getting in touch with any tenant.

SECURITY - A deadbolt lock and/or a front entrance door lock offer you a very secure apartment. Remember to lock the doors and to take a key along whenever you leave your apartment. The management cannot be responsible for your possessions. We suggest that you carry insurance on your personal property and possessions, as we cannot cover these under our policy. If you wish to be covered against theft or fire, etc., you must arrange for this yourself.

WATERBEDS - Because of the excessive weight and the danger of leaking and damage to carpeted areas, waterbeds cannot be permitted in any apartment. Exception: if proof on Renters insurance and approval by management.

WINDOWS - To enhance the quality appearance of your residence, your drapes must be lined white or show white to the outside so the appearance of all windows from the outside of the building is the same. Drapery sizes you will need to fit the existing traverse rods can be obtained from management. Hanging sheets or other materials instead of drapes or curtains IS NOT ALLOWED. It is the responsibility of the tenant to keep the windows in his/her apartment clean. If you are unable to do so, you may make arrangements with the Site Manager or other persons to do the cleaning for you at your own expense.

You must clean out the tracks of the windows whenever dirt accumulates. If left to build up, the dirt will cause the roller to break making it very hard to open the windows. Upon move-out, you must leave all window tracks and windows clean.

HEATHING AND FREEZE-UPS- In order to keep your rent at an affordable level, we need your help in keeping the need for extra heating fuel at a minimum. Please try not to waste fuel by turning the thermostat higher than normal or leaving windows open when it is cold outside (below 32 degrees). Make sure your storm windows are closed tightly. Please do not turn the thermostat to an off position and leave a window open. This can result in broken water pipes and a large repair bill for you.

UNIT TRANSFERS

It is the policy of management not to allow residents to transfer from one unit to another. A \$100.00 transfer fee may be charged.

We do acknowledge that there are occasions when it may be necessary to do so, such as:

1. Medical need of a handicapped unit
2. Medical need of a first floor vs. second floor
3. Change in family size requiring a different size unit.
4. Other reasons will be evaluated on an individual basis.

Any tenant requesting a transfer for any of the above reasons should submit a request for such accommodation in writing to the Site Manager.

PLANNED ABSENCES

It is required that you inform the Site Managers of any planned absences longer than 14 days. In the event of an unplanned absence greater than 14 days you should attempt to contact management also. Please be prepared to provide management with an address and phone number where you can be reached and approximately how long you will be gone.

When you leave your apartment for any length of time, lock your door. Also turn off the TV or radio as to not bother your neighbors.

MOVING-OUT

If you wish to move out of the apartment on the date the lease ends, you must give the Site Manager prior WRITTEN notice to the NOTICE PERIOD (two full calendar months). (See your lease paragraph 16)

The Site Manager will give you a copy of the "Acknowledgement of Intent to Vacate" document which

describes what has to be completed to the apartment to avoid cleaning or damage charges. You are to complete the last page which verifies the move out date, the receipt of move out instructions and a place for you to list your forwarding address. Mid-Month move-outs are not permitted.

Please leave a forwarding address at the Post Office.

All residents **MUST** vacate their rental units by **NOON** on the last day of the month that their notice was given. Contact the Site Manager and set up an appointment for a walk-through inspection to be scheduled **BEFORE NOON** and return all your keys.

ADDITIONAL REGULATIONS

NO BICYCLES, SKATEBOARDS, ROLLERBLADES OR TOYS ARE ALLOWED INSIDE THE COMMON AREAS OF THE APARTMENT BUILDING. Rollerblades should be put on and taken off **OUTSIDE** the building. Bicycles are to be stored in the bike rack and secured for your own protection or in your garages or apartment. Bikes are not to be left on the sidewalks or in the buildings at any times. Any bikes or toys left outside after 10 PM may be confiscated by the Site Managers and a \$2.00 fee will be due to recover the item. This rule is necessary to ensure compliance and to curb the theft of your personal items.

Satellite dishes are **NOT** allowed on the property. You are required to use your area's cable provider in the event that you choose to have cable services.

Children should be encouraged to remove their boots in the entryways and knock snow off them before carrying them to their apartments. Do not throw paper, food, bottles or cans on the grounds or in the hallways. Children should be taught to dispose of waste properly to help keep their home area neat. We encourage parents to make an effort to involve your children in the cleanup of the buildings and grounds on a regular basis. This helps instill pride in their home and teaches them the value of helping others by giving them a task to perform.

ABSOLUTELY NO SMOKING OR E-CIGARETTE/VAPING USE INSIDE THE COMMON AREAS OR APARTMENT UNITS IN THE BUILDINGS is allowed. THIS INCLUDES THE ENTRY AND LOBBIES AND ALL LAUNDRY ROOMS. IF FOUND VIOLATING THIS RULE, AN IMMEDIATE EVICTION NOTICE WILL BE SENT. THERE WILL BE NO EXCEPTION TO THIS RULE. SMOKING and E-CIGARETTE/VAPING USE SHOULD BE DONE NO LESS THAN 15 FEET FROM THE DOOR/ENTRANCE TO THE BUILDING

If you smoke or vape outside, it is **YOUR** responsibility to pick up your cigarette butts and dispose of them properly. Do not throw them in the rocks, grass, or on the walkways.

CHARCOAL GRILLS

Charcoal grilling is not allowed inside any building at any time. All grills must be used at least 15 feet away from any structure. You may set them on the sidewalks or outside the back doors at the proper distance. These are fire code rules and must be followed. If you do not cooperate, we will be forced to ban any and all grilling anywhere on the premises. If you have grills, they are not to be left outside after use. You must store them inside your apartment.

These rules and suggestions are not meant to restrict you in your new home, but to familiarize you with these items about which you will want to be informed from time to time. We cannot hope to cover everything in this guide about which numerous questions will undoubtedly arise. We reserve the right, therefore, to add to, or change, the instructions and suggestions contained herein.

FIREARMS

The discharge of a firearm is not allowed on the property. The definition of a firearm is any apparatus that fires a projectile (lead, steel, plastic, rubber, BB, etc.) and could cause injury to the resident, other residents or their guests. If a firearm is to be stored on the property, it must be secured in a locked case at all times.

The discharge of a firearm, or storage in an unlocked case, will be grounds for immediate termination of the lease, without warning.

We welcome you to your new apartment, and we wish you a pleasant stay in your new home.
